

Kandiyohi Power Cooperative
2026 DISTRICT 2 DIRECTOR PROFILE
3 YEAR TERM

Steven Combs

Profile: My wife is Amy, we have 5 children, 14 grandchildren and 2 great grandchildren. I enjoy seeing the world through their eyes!

Hobbies: I was raised on a farm in Lake Andrew township and later farmed there. I retired from farming in 2019 after doing it for 40 years. I am presently employed at Centra Care in Willmar in their maintenance department. I spend most of my time outdoors. I'm always looking for ways to repurpose items for alternative uses. I also spend a lot of time outside walking my dogs.

Primary Goals as a Director: My goals as a director would be to provide a faster return of equity to our members. I would also look at different incentives for using less energy from the power grid. This would be by using other forms of energy as for the future of this co-op. I feel there are renewable sources that have not been developed yet.

What do you see in the future for Kandiyohi Power Cooperative? I think the co-op has done a very good job of providing energy for its members. I would like to help continue the growth in the future.
