

Kandiyohi Power Cooperative
2026 DISTRICT 3 DIRECTOR PROFILE
3 YEAR TERM

Lyle Mangen

Profile: Married (Melissa) with 2 adult children. Retired engineer for CNH, parent of Case Construction, Case IH and New Holland ag equipment. Currently driving for Willmar Bus Service and teaching courses at South Dakota State University.

Hobbies: Camping, fishing, biking, travel, music, and live theatre production.

Primary goals as a director: Represent the constituents of southeast Kandiyohi County. Learn/understand the challenges and opportunities for the cooperative in serving rural Kandiyohi County. Monitor potential impacts, both positive and negative, from legislative and regulatory developments, as well as changing household and commercial usage trends.

What do you see in the future for Kandiyohi Power Cooperative? Having been a cooperative customer for the last 35 years, both in Minnesota and Wisconsin, I have watched continuously increasing demands on cooperatives for supply of reliable, low-cost, and responsibly sourced electricity. If KPC can continue to meet these requirements, barring significant regulatory changes, it will have continued success.
