

2019 Commercial Industrial Agricultural Program Summary

HVAC	
Rooftop Units (RTUs)	
Air Source Heat Pump RTUs	
Split Systems	
Economizers	
PTACs	
	With Resistance Heat
	Heat Pump w/Resistance Heat
	Mini-Split w/Resistance Heat
	Mini-Split Heat Pump W/Resistance Heat
	Water-Source Heat Pump
Ground Source Heat Pump	
Chillers	
	Air Cooled
	Water Cooled
Variable Air volume (VAV) Box	

Lighting
Retrofit
New Construction
Custom Lighting

Motors & Drives
Variable Frequency Drive (VFD)
Variable Speed Drive (VSD)
Fractional Horse Power Motors (Including ECMs)

Compressed Air Systems
Compressed Air Leak Evaluation
Cycling air dryer
Engineered nozzle
Low pressure drop filter
No loss drain
Pressure/flow controller
Storage Tank

Agricultural
Dairy Free Heater
Dairy Plate Cooler
Robotic Milking (Electrification)
Vacuum Pump VSD
Milk Pump VSD
Hog Heat Mats
Irrigation VFD
Livestock Waterer
Engine Block Timer
Ventilation Fans
Agricultural Audits (USDA grant through May 2020)

Building Studies & Certifications

Engineering and Design Assistance

Energy Audit

Building Certification

Commissioning (RCx)

Custom Projects

Conservation

Electrification

Forklifts (Electrification)

Fleet Addition, Conversion, and New Construction

Fleet Retention or Refurbished Fleet Addition

High Frequency Battery Charger

Energy Star Commercial Food Service

Hot Food Holding Cabinets

Combination-Oven

Convection/Microwave Oven

Flash Bake Oven

Electric Griddle

Induction Cooktop

Range with Convection Oven

Electric Fryers

Electric Steamers

Dishwasher

Freezer

Ice Machine

Refrigerator

Vending Controls
